

Capability Statement

About Us:

Embree Machine, Inc. is a family-owned precision machining company headquartered in Springville, IN. Founded in 2004, we are a small company with big company capabilities. That means more competitive pricing, shorter lead times and single source responsibility for your agency without the overhead of larger machining companies.

Core Competencies

- CNC Turning (Multi-Tasking Lathe)
- CNC Milling (3,4,& 5 axis)
- CNC Wire EDM
- CMM Inspection
- Light Assembly
- Heat Treating
- Anodizing
- Surface Grinding
- Custom Fixturing
- Solidworks, Esprit, E2 Software
- Low Volume Tough Parts
- Quality Management

Note: Some services are provided by our network of certified partners.
